

Sports Fixtures

On Tuesday, the u8 and u9 Netball and Football Teams travelled to Sheffield to take part in their fixtures with Westbourne School and three other schools. An excellent afternoon was enjoyed by all, and the results were outstanding. Well done to the year 3 players for a successful debut.

The following day the u10 & u11 Netball teams travelled to Barlborough Hall and played in close fought games with great passing and interceptions. Keep up the great work girls!

The u10 & u11 footballers played hosts to Barborough Hall and once again showed their skill and solid teamwork in their respective matches. Well done to all players for representing SPSP so well once again this week!

Assembly with Father Patrick

The Reverend Canon Patrick visited school on Wednesday morning to give an assembly to the children. He talked about his, "perhaps bags". These are the bags he carries with him all the time - bags that give him the opportunity to carry something he may have purchased in a shop. He then related his message to the children and suggested that they should carry a metaphorical "perhaps bag" with them in school so that if somebody needs something then we can use our "perhaps bag" to help; perhaps a friend, perhaps someone to play with, perhaps a teacher, perhaps a relative. Thank you Father Patrick.

Musical Showcase

On Thursday our instrumentalists treated an audience of parents and grandparents to an eclectic mix of musical performances. We enjoyed breath-taking pieces on the piano, saxophone, clarinet, trumpet, cornet, guitar and flute, as well as our amazing individual vocalists. The dedication, passion and commitment everyone showed to their individual performances was inspirational. Thank you to Mrs Hall and our peripatetic teachers for such a wonderful event.

Reception Class

In Numeracy, Reception have been learning about different types of measuring. This week it was distance. The children made ramps and measured the distance their objects travelled. They also investigated to see if a change in the height of the ramp would make a difference to distance travelled. They even talked about the force of gravity! Exciting work Reception!

Year One

Miss Raby's class have been learning all about capacity and volume this week. Exciting exploration involving water took place, so they could discover the relationship between volume and capacity. It looks like they all had great fun!

Friends of SPSP

The Friends of SPSP will be holding their next meeting on Monday 6th February in the school dining room from 8:30am. New members are more than welcome to come along on for a tea or coffee and a warm welcome to the group, as they plan many exciting events for the spring and summer.

'Wear Red in Feb' for The Children's Heart Surgery Fund

A huge thank you to you all for supporting CHSF Wear Red in Feb campaign. We had a fabulous day and the children especially enjoyed the heart shaped cookies at playtime. Up to press, an amazing £116.00 was raised and Mrs Austin will look forward to presenting our donation to the charity soon.

Coming up next week...

Children's Mental Health Week

Monday – Year 3 & 5 Viking Day

Tuesday – Safer Internet Day 2023
