

Turkey / Syria Earthquake Appeal The Big Sleep Out

Our final total for the Big Sleep Out was a staggering £1770. Thank you to everyone for your very generous contributions. Your money is now being put to great use by the DEC.

Sports Fixtures

The u8 & u9 football team hosted Wellow House on Tuesday afternoon. SPSP continued their great run of form. Lots of fun was had in the mud; they defended with commitment and attacked with flare - making sure the goalkeepers were tested throughout. Well done boys!

In the Netball matches away at Wellow House our u8 & u9 children continued to build on their recent successes. Sharp shooting and solid defence was on display as they eased to victory in both matches. Well done to our netballer players this week.

On Wednesday our u10 & u11 football fixtures with Westbourne and Mylnhurst were thrillers with end-to-end action in each game. The quality of football on display was excellent, with great positional discipline and creative play in attack. Keep up the brilliant work everyone.

World Book Day 2023 – Reading for Pleasure

We celebrated World Book in style at SPSP on Thursday. There was an eclectic mix of costumes that were well considered by the children and staff! The children shared their characters and favourite books in assembly as well as discovering all about reading for pleasure. The teachers swapped classes for the big read, book reviews were created and an update on our reading challenge was also given. Well done to all of the children who managed to find the many different characters hidden around school as a part of our reading trail. What an exciting day. Thank you to Miss Booker for coordinating such an inspirational World Book Day for everyone.

Super Swimmer

Congratulations to Rory in Year 5 who finished runner up in the Nottinghamshire County ASA Swimming Championships last weekend. What is even more impressive is that he was swimming up an age group with the u11's. Keep up the great work Rory.

St David's Day Assembly

On Wednesday morning we were treated to another of Father Patrick's informative and entertaining assemblies. Father Patrick gave a lesson in Welsh language and talked about Saint David and important Welsh culture (hence the leeks). It was also a wonderful opportunity to celebrate St. David's Day with two of our pupils, Parker and Isobel Williams - Dydd Gŵyl Dewi Hapus!

Year Six Dragons' Den STEM Projects.

Mrs Moorwood and Mr Newton were invited into Year 6 to become The Dragons. The brief was to create a toy for young children that incorporated a low voltage electrical circuit. Every group in Year Six impressed the Dragons with their multi skilled approach to achieving their brief. High quality and very entertaining IT presentations, clear reasoning and research, excellent use of design and technology skills were on display which made it a very difficult task for the Dragons. However, Year Two put their creations to test and became the true judges.

Coming up next week

Tuesday - u9 Football (H) vs Westbourne 2pm
 Wednesday - u11 Netball & Football vs Wellow (H) 2pm
 Friday – School Council Meeting 10am
 Saturday – Open Morning 10am -12 noon

Fruitas, Frutas, Frutas

Following on from a suggestion by the School Council, exotic fruits were available to all children this week at lunchtimes. They tried mango and passion fruit with watermelon. grapes and pineapple available to the children next week.
