

## Fire Safety Workshops

Year 2 & 6 received a visit from The Derbyshire Fire and Rescue Service this week. The children were taught important messages all about fire safety, including the importance of smoke alarms and testing them regularly.

## U9 Rugby & Hockey

All of our Year 4 pupils enjoyed a fun afternoon in the sunshine at Barlborough Hall on Tuesday, in their respective Rugby & Hockey matches. On the Rugby pitch, the Y4 players quickly got going in their match with excellent support play in attack and at times, solid defence. The result was many tries scored and big improvement shown along the way. On the Hockey field, our team got stuck in and are now showing super width in attack and strong organisation in defence. They scored a number great goals throughout the afternoon. Well played everyone!

## Year 1 – Forest School

Year 1 have been busy recently using natural objects and items they have discovered in our woodland, to practise partitioning 2 digit numbers. Exciting work and great fun Year 1!

## U11 Rugby & Hockey

Solid progress was once again evident on the Rugby pitch in the u11's first home fixture of the season. Solid tackles and dogged defence set them up well, as they turned defence into attack resulting in many scoring opportunities. Keep up the great work Team SPSP.

In the Hockey away fixture at Barlborough Hall our u11 Team showed clear improvement in each quarter and produced some excellent passages of play, scoring three great goals. Our u10's battled well throughout the afternoon, also demonstrating solid improvement and determination in very tough wet and muddy conditions but unfortunately could not convert their hard work into goals. Keep smiling

## Wear Yellow – Young Minds

Thank you to everyone who supported Children's Mental Health day on Tuesday. Your kind donations raised £75 for the Young Minds Charity.
