

## Year 3 Trip – Creswell Craggs

An exciting day in the Stone Age was planned by the visitors' centre at Creswell Craggs for our Year 3 Class on Monday. Supporting the Humanities curriculum, the trip extended their learning in geology and archaeology, as well as getting hands on with fire making and spear throwing. We are very proud of our Years 3 class for their enthusiasm and resilience - particularly in miserable weather conditions. Keep up the great work Year 3.

## Sports Fixtures

The freezing temperatures got the better of us this week with most of our scheduled fixtures cancelled. However, our u11 Rugby players enjoyed their penultimate game of the season at Wellow House. Once again, our courageous u11 players demonstrated their commitment, physicality, and progress in a competitive fixture. Excellent support in attack and letting the ball 'do the work' enabled our players to convert strong attack into scoring opportunities, with many of our players claiming a try. Brilliant work from our u11 team.

## Class Advent Wreaths

On Wednesday evening, our staff came together in a wreath making workshop in preparation for the beginning of advent. A wreath was made for each class and will be used throughout advent to reflect upon hope, peace, joy and love. Thank you to our staff for their wonderful creations for our pupils.

## Coming up next week...

- Tuesday - Reception Class Nativity – Refreshments from 8:30am – Performance at 9am
