

**SATs - Year 6**

Our Year 6 must be commended for the tremendous effort, determination and resilience that they demonstrated throughout their SAT's papers this week; we are all very proud of you. Everybody went into the week well prepared and completed the final test both relieved and pleased with how they performed. Thank you to Mr Nixon and our whole teaching team for ensuring that they were very well prepared and also to our Year 6 parents for your partnership and extra support and guidance in preparing them for the week. The whole class enjoyed lots of enjoyable activities for the remainder of the week, with a visit from Stanley and cake and ice creams, as notable highlights.

**Ducklings!**

On Wednesday, we welcomed not one or two, but three Cayuga ducklings into the world. It has been a privilege to witness their journey from egg to hatchling over the past few weeks. Now out of the incubator, they have been transferred to their bedding for the weekend and will return to be enjoyed by all classes next week, before they are released into their natural habitat not far from SPSP.

**Well-Being Day 2024**

The children have been taking part in some wonderful activities throughout the day today. The Morning Mile 'well-being welly walk' was great fun, and we invited some of our friends from Children 1<sup>st</sup> Nursery to join us and share in a Teddy Bear's Picnic. We have enjoyed 'Mindful Maths' and Yoga too. We are now looking forward to Community Day next week.

*Lifeskills*

Under the watchful eye of Mr Mico, Year 5 took to the pool for their lifesaving training. Who knew that pyjamas would weigh so much when they're wet....the children certainly got a shock! This made for an interesting discussion around what it would actually feel like if you were to fall into water, fully clothed and wearing shoes. Using both their theory and practical skills, they were able to demonstrate excellent understanding and actions in the water, all whilst having fun.

*Coming up Next Week*

- Monday SPSP Community Day & PCSO Visit KS1
- Tuesday U9 Cricket vs Westbourne (A) 2pm – Goodwin Sports Centre
- Thursday Y5 STEM Spelling Bee – Trent College
- Friday SPSP Musical Showcase
- Chesterfield Miniature Railway visits – All Years
- Y6 Law Workshop – Mrs Elliott
